What are we up against – discuss examples of crisis?

What is the worst case scenario that you need to prepare for?

Why (should or shouldn't) a Christian be prepared for emergencies? Put another way, is it a lack of faith if we prepare (physically) for tough times?

What are some physical needs in times of crisis?

What are some emotional/spiritual needs of others around us in crisis?

What steps can we take to be prepared for our own physical and spiritual needs?

What is the right attitude (mental) we believers should have during crisis?
